## PROJECTS UNDERTAKEN

- Project Name : PICKKR LOGO**  
**Software Skills : Adobe Illustrator, Adobe Photoshop.**  
**Company : Blackberry (Research In Motion)**  
**Platform : Blackberry 10**  
**Description : Winner of Blackberry JamHack Asia 2012 (Delhi Edition).**

Represented India in Thailand as a designer for PicKkr - an image enhancing application, for BlackBerry OS 10 powered devices.

I created the wireframe and logo design for the application. We beat 26 other teams during a 48 hour long hackathon (12th-14th October) at Gurgaon, India and went on to work closely with our evangelists to prepare for the ultimate showdown of the top 10 jam hack winners in Thailand.

- Project Name : WEBSITE WIDGET**  
**Software Skills : Adobe Illustrator, Adobe Photoshop, Html & CSS.**  
**Company : Routofy Services Private Ltd, India**  
**Platform : Web (Desktop, mobile)**  
**Description : Routofy website widget UI-UX.**

I created the UI-UX for the company website widget, a compact view of the Routofy's highly interactive web product. The requirement was to capture the essence of product functionality. The widget's photoshop phase was a challenging task because of its design complexity.

- Project Name : RIAAN LOGO**  
**Software Skills : Adobe Illustrator, Adobe Photoshop.**  
**Company : Ravishu Corporation, India.**  
**Platform : Print Media**  
**Description : Riaan logo - Registered Trademark.**

I created the company product range logo. The requirement was to showcase word "Riaan" meaning, a crowned Prince.

- Project Name : NATIONAL SCIENCE DAY BANNER**  
**Software Skills : Adobe Illustrator, Adobe Photoshop.**  
**Company : Jamia Hamdard, India.**  
**Platform : Print Media.**  
**Description : Banner design for National Science Day celebration on 28th february, 2016 at the university campus.**
